

# VIX

## Goodtone

## VIX Chair

The attitude of rolling back to the 'fundamental truths' on our life bought up the inspiration to create VIX chair in a minimalism style. From get ride of the redundant part to focus on the comfortability and practicability, VIX chair represents quite and peace.

### 1 Headrest / On the top of backrest(VIX-A1)

Hold tie the front cushion of the headrest by both hands, pull up or down to adjust

To intensify the seating comfort by supporting the cervical vertebra.

### 2 Lumbar Support / At the back of the chair

Pull up or down the lumbar support by both hand at the same time

Lumbar support may result in relief of lower back pain especially in a long working hour.

### 3 3D Armrest / Function key placed under armpad

Press the button for height adjustment

Push armpad for depth adjustment

Rotate armpad for angle adjustment

Armrest can reduce tiredness to arms and shoulders.

### 4 Sliding Seat / Function key located on the left hand side of the mechanism

pull up the hand rod for sliding function then release when desired level reached

Adjust Sliding seat so that hips and knees are at a 90 degrees angle, it reduces tiredness.

**5 Tilt Lock in five positions** / Control rod on the left hand side of mechanism

Twirl outward to engage tilt lock

Twirl inward to engage release

Tilt lock allows the user to sit in an upright position for keyboarding, while providing a comfortable rocking/reclining motion during work or break.

**6 Tension Tilt** / Control rod on the right hand side of mechanism

Twirl outward to increase tension

Twirl inward to release tension

Tension tilt offers more secured and comfortable working environment.

**7 Height Adjustment** / Control rod on the right hand side

To lower seat, place your full weight on the chair, and engage actuator lever. When the desired height is reached, release the actuator. To raise the seat, shift your weight to your feet. Engage actuator. Chair will rise automatically

Position chair so your feet are flat on the floor, and lower legs are at a 90-degree angle (or better) relative to upper legs.

**Leather office chair:** Please gently wipe it with a half-wet sponge dipped with special detergents and service it with the leather servicing agent after wiping it dry with the dry cloth. If it is dipped with water, it should be immediately wiped dry. Besides, avoid the long-time direct sunlight.

**Net surface and cloth office chair:** Please slap with hand or use the dust collector to clean the dust on it. If there are stains, locally clean and dry it naturally with special detergents.

**Armrest, support and chair leg:** For aluminum alloy materials, please clean them with a dry cloth or nonferrous metal detergents; For plastic materials, please clean them with half-wet cloth dipped with clear water.

**Chair wheel:** Clean fur crumbs fiber and other sundries periodically and protect chair wheels with anti-static sprays.

## Quality assurance and after-sales service

### FIVE-YEAR QUALITY ASSURANCE

In case the product is damaged due to its quality reasons within five years from the purchasing date, the Buyer can show the purchasing proof and the Company will repair the product for free.

#### ! Notice

The quality assurance service is not applicable for the improperly stored, assembled and used product, and does not include the damage to the product due to the normal abrasion and tearing, cutting and scraping or striking or accidents.

After opening the package of the product, please carefully check the product for part lack or transportation damage. If any, please contact the dealer timely.

Please place it on the indoor stable floor and prevent it from fire or exposure to blazing sun for a long time and humid environment.
